

# i.safe MOBILE

## INDUSTRIAL

Push-To-Talk

13-pin ISM interface

Android™ 10

## IS330.RG

Thanks to the ISM interface, the professional PTT mobile phone for robust industrial use can be used like a radio device for connecting an RSM or PTT headsets. The Android Enterprise Recommended device is zero-touch capable and can be managed via an MDM system. The particularly powerful loudspeaker and battery complete the highlights of this ultra-robust mobile device, which also has a good feel.
